**Instructions for counting summer meetings of the Fraternity:**  
  
Generally, summer Fraternity meetings (Grand Chapter, Conclave, Strategic Leadership Conference) should be counted in the first term of the academic year, as opposed to counting the event in the last term of the prior academic year. However, you may opt to count the meeting in either term, so long as it is not counted twice. You may not count the same summer meeting to gain both undergraduate and alumni points.

If you have any questions about how to calculate your points, please contact Fraternity Headquarters.
