Dear Brother Bernier ,

I trust you have experienced great success with recruiting new men for your chapter. Offering a bid and having it accepted is thrilling. It is the seed of brotherhood. Now to make that seed grow, use the Path of Principles program. By doing so you will prove to yourself and your new brothers that Sigma Tau Gamma really is a true fraternity.

Reporting Associates

Reporting associates is a major responsibility, and it is important to keep records complete and correct. The new associates of your chapter trust that their records and fees will be properly prepared and submitted. Here are four simple steps to report your associates.

These steps must be complete for associates to receive their badge and certificate!

1. Add the new member to [OmegaFi](#).
2. Have him log in and complete his Application of Membership on OmegaFi.
3. Complete the Association Report under the Sigma Tau Gamma tab by providing the association date.
4. If you have any questions, contact your OmegaFi account manager at (800) 276 6342.

Remember the deadline for the association report is September 30, 2014.

We partner with Affinity Consultants, a company dedicated to serving national fraternity and sorority clients, to manage our trademark licensing program. We do so because all owners of trademarks must defend against unauthorized use in order to maintain a protected status. Your university has a similar arrangement with a different company.

Whenever you purchase or have produced products that use our registered trademarks, please use a licensed company. Look for the Official Licensed Product seal. No seal, no deal!

The thing I love about the second four weeks of the Path of Principles program is that it mirrors the concept of an internship. We teach in the first four weeks. Then we empower our new members to put what they learned, together with their own talents, to work for Sigma Tau Gamma. We do that in a structure that provides coaching from older members.

This process also helps everyone grow in leadership. Each of us naturally wants to feel important and accomplished. Leaders use this natural motivation to achieve group goals. Use the second four weeks to universally grow leadership in your chapter.

Fraternally Yours,
Bill
